

# MVGA Professional Liability Spotlight

**Professional liability is a coverage that almost all businesses need, but few think about. Help your current or new clients by offering this coverage to bridge gaps in their existing coverages. Here are our most utilized professional liability programs.**

Miscellaneous Errors & Omissions:

- Large range of businesses fit into this program.
- Designed for small to large operations.

Information Technology:

- Perfect fit for those businesses operating in the IT field.
- Broad definition policy that can include additional services.

Management Liability:

- Coverage available for both For-Profit and Not-For-Profit risks.
- Modular product offering D&O, EPLI, and Fiduciary liability.
